

Give me 20 common HR interview questions for software developers

1. Tell me about yourself.
2. Why do you want to work for our company?
3. Why are you looking to leave your current job? (Or why did you leave your last job?)
4. What are your greatest strengths?
5. What is your biggest weakness?
6. Why should we hire you?
7. Where do you see yourself in 5 years?
8. Describe a challenging situation you faced at work and how you handled it.
9. Tell me about a time you worked in a team.
10. How do you handle disagreements with teammates?
11. How do you prioritize tasks when working on multiple projects?
12. Describe a time you made a mistake.
What did you learn from it?
13. How do you deal with tight deadlines and pressure?
14. What motivates you as a software developer?
15. How do you keep your technical skills up to date?
16. Are you comfortable receiving feedback?
17. Can you give an example?
18. What kind of work environment helps you perform your best?
19. What are your salary expectations?
20. Do you have any questions for us?

Why should we choose you over other candidates?
